

# Project report#5

This week we created a footer using HTML&CSS, in which we added information about the company, its location and opening hours, contacts with which you can contact us, as well as social networks so that our users can track the replenishment of goods, the appearance of discounts and installments

ИНФОРМАЦИЯ	ВРЕМЯ РАБОТЫ	КОНТАКТЫ	МЫ В СЕТИ
Главная О нас Оплата и Доставка Контакты	г. Алматы, ул. Сатпаева, 90/52 пн-вс: 9:00 - 21:00 Без перерыва	8 (778) 920-15-61 8 (708) 292-18-67 8 (777) 836-08-77 8 (747) 604-22-07	   

To create the code, we used 2 types of bootstrap libraries

In general, this week we were developing a website design using Front-End programming
